

Cairns day out

A report from Dan

At the Cairns day out my dog Susie won an award for best sausage catcher and won reserve for best trick.

Susie was very naughty at the agility as she didn't want to do the jumps instead she went round them.

Susie's brother Stanley won Best Little Pal.

It was very nice to see all the other dogs 🐶 and it was very well ran.

Susie desperately needed a haircut so she wasn't looking her best but nobody noticed, well if they did they were too polite to say.

There were some very nice things to buy and very good cakes but as usual the weather was cold ❄️ but the view from the park 🌳 was very nice. 😊
