Cairn Terrier Club Open Show

MPD (1)

1st Catto's Birselow The Thrill of it All (BPD & BPIS)

Wheaten Brindle dog, a lovely masculine dog puppy of just 8½ months old, good topline and tailset, large teeth, correct bite, well set ears, and good stop. Profuse double coat of correct texture, a natural showman, moved very well for such a youngster, I will watch his progress with interest, a very promising young dog.

PD (2) 1 ABS

1st Millers Cornton Coulter

Another very masculine dog puppy, light red brindle, on similar lines to my MPD winner, I see they have the same sire. Good stop, large teeth, good front movement, excellent double coat, correct topline and tailset, moved steadily, just would prefer him to show himself off a bit more, but another promising dog puppy.

JD – NO ENTRIES

MD (2)

1st Millers Cornton Coulter

2nd McDougalls Brandersaig Robert Brogue

Cream dog with dark points, nice shaped head with neat well set ears, profuse double coat, which needed tidying up round his neck and shoulders, this would have improved his outline, moving well behind and connecting well with his handler, good tail set, a lovely little dog who was enjoying the show ring.

ND (1)

1st Sinclair's Larchlea Hard Days Night

Red Brindle dog, well up to size, a masculine head, large teeth, correct bite, good length of neck, harsh double coat, well muscled hind quarters, moved with drive, slightly proud of his tail. A lovely happy boy, another one enjoying his day of showing.

GD (3) 1 abs

1st Sinclair's Larchlea Hard Days Night

2nd Fortune's Eglis Spitting Image with Essdeeff

Red dog, with dark points, gorgeous expression, neat ears, good stop, double coat, this dog flowed round the ring with drive but would benefit from losing some weight as it gave the impression of him being wide in front, never the less a lovely type.

LD (3)

1st Lamb & Saltmarsh's Renshaw There & Back Again

Grey brindle dog, this dog is maturing nicely, correct mouth, neat ears, good stop, excellent coat of correct texture, level topline and bang on tail set, he strode round the ring like he owned it, moving out well in front and driving from behind, he was on top form today and was pleased to award him **RBD**.

2nd Fortune's Willies Wee Man with Essdeeff

Red dog with masculine head, lovely expression, large teeth, correct bite, good topline & tailset, though a big dog, he is well balanced, moved round the ring with drive, well presented double coat, same comments apply as to his litter brother, would definitely benefit from losing a bit of weight.

3rd Latimers Birselow Sir Bobby

OD (4) 1 ABS

1st Cameron's Stryveling Rocket Man (BD, RBIS & BOS)

Red brindle dog with the correct proportions to his head, good stop, good ear placement, large teeth, sparkling mischievous expression, in hard muscular condition, double coat of correct texture, good tailset, moved with drive from rear and reaching forward in front. I have judged this dog before and he has blossomed into a lovely eye-catching dog.

2nd Catto's Birselow Bobby Darrin

Light red dog with dark mask, good stop, correct ear placement, large teeth, another dog in good well muscled condition, profuse double coat, good topline and tail set, a lovely balanced dog but would just prefer a bit more of him.

3rd Berrecloth's Sybster Shiraz

VD/B (3) 1 abs

1st Berrecloth's Sybster Spring Into Summer ShCm

Grey brindle bitch of 9½ years, nice feminine head, good stop, large teeth, neat ears, correct level topline and tailset, harsh double coat of correct texture, showing her socks off and moving well for her handler, this bitch is a true show girl.

2nd Berrecloth's Ch Sybster Spring Time ShCM

Masculine version of my class winner, and not surprised to learn these two are brother & sister, good head, stop and ear placement, level topline, another showy dog demanding his handlers attention, moved well but just preferred the 'joie de vivre' of my winner in this class.

Special Owners Open D/B (2) 1 abs

1st McDougall's Brandersaig Robert Brogue

Special New Members Open D/B (5) 1 abs

1st Lamb & Saltmarsh's Birselow Fable

Grey brindle dog, all male, masculine head, good stop, large teeth, in profuse double coat of correct texture, good topline, slightly proud of his tail but this dog moved well and he never stopped showing, I could not deny him 1st place in this class.

2nd Bowness' Birselow Folksong

Red brindle bitch, with gorgeous expression, typical of the kennel, good stop, big teeth, well placed ears, good length of neck, topline and tailset good, correct double coat, reaching out in front, a tad close behind, on the move she looked lovely but would not get her tail up when standing.

3rd Sinclair's Larchlea Hard Days Night

MPB (1)

1st Catto's Birselow If Dreams Came True (BPB)

Light red brindle of 9½ months, litter sister to winner of MPD, beautiful head, with dark points, good stop, large teeth, well placed ears, profuse double coat of correct texture, level topline and correct tailset, construction as it should be, very difficult to assess her movement as she clung to her handlers leg for some of the time, she was slightly over-awed by the occasion but feel sure if she overcomes this she will shine.

PB NO ENTRIES

JB (2)

1st Catto's Birselow Party Shoes (RBB)

Red brindle feminine head, dark mask, correct set to ears, large teeth, good stop, excellent double coat of correct texture, good topline and nice tailset, moved with drive, good width behind and reaching forward in front, in the bitch line up she just lost out to BB on showmanship, but another balanced quality bitch from this kennel.

2nd Berrecloth's Sybster Scarasta

Pretty feminine light red with dark points, good stop and neat ears, large teeth, quality double coat, level topline and nice tailset, happy showgirl who never stopped showing for her handler, movement good, just lost out on overall balance to my winner in this class.

MB – NO ENTRIES**NB (3) 2 ABS**

1st Berrecloth's Sybster Scarasta

GB (5) 3 abs

1st Miller's Cornton Diabaig

Dark brindle bitch, feminine head, neat ears, large teeth, good texture to coat, level topline and correct tailset, well muscled hind quarters, moving well in front but a tad wide behind, this girl never stopped showing.

2nd Bowness's Birselow Folksong, 2nd in New Members D/B same comments apply, though I really liked this bitch she just would not keep her tail up when standing and this detracted from her lovely shape and make.

LB (2) 1 abs

1st Miller's Cornton Reay

Grey brindle bitch, dark mask, good stop, large teeth, well placed ears, good topline and correct tail set, coat of good texture, moving well both ways, she never stopped showing, and continued to show well when handled by some else in the bitch line-up, a natural show girl.

OB (2) 1 abs (BB & BIS)

1st Catto's Birselow Groovy Kind of Love

Wheaten brindle with desirable dark mask, good stop, large teeth, excellent proportions to her head, good length of neck flowing into shoulders, good spring of rib and supple loin, level topline and correct tail set, moved steadily but movement true from rear and in front. A balanced eye-catching bitch, another one who surely has a bright future.
